A RICHIESTA

STRENGTHS:

ELT 16 and ELT 20 by Samag are stacker trucks, with built-in pallet truck function, suitable for picking and storage operations with lifting function of the stabilisers to overcome obstacles.

The tiller arm and the spring loaded central drive wheel allow keeping a constant contact with the floor and reducing driver arm vibrations, as well as minimum steering effort even with full load. ELT 16 and ELT 20 are characterised by excellent stability, and the AC alternating current traction motor ensures greater power and maximum efficiency with less maintenance.
