

ELT 25 Stacker truck with pallet truck function able to overcome the obstacles

ELT 25 Stacker truck with pallet truck function able to overcome the obstacles

ELT 25 by Samag is a stacker truck, with built-in pallet truck function, suitable for picking and storage operations with lifting function of the stabilisers to overcome obstacles.

STRENGTHS:

- AC alternating current traction motor ensuring greater power and maximum efficiency with less maintenance
- Traction battery and driving type elements 320 Ah 24 V
- The central tiller arm and the spring loaded wheel with **5 touching points** and **stabiliser** lifting allow keeping a **constant contact with the floor** and reducing driver arm vibrations, as well as **minimum steering effort** even with full load
- Stabiliser lifting to overcome obstacles

UPON REQUEST:

- Other lifting capacities
- Fitting of built-in charger
- Operator transport **platform**
- Other options

🗸 LOAD CAPACITY UP TO 2.500 KG

✓ SPECIAL DIMENSIONS UPON REQUEST
